

Your Buy/Sell Agreement may be missing a key element...

If you or your partner suffers a critical illness or disability, what will happen to your business? Does your buy/sell agreement provide a solution? If not, you may be in a vulnerable position.

You might be willing to fill in for an ailing partner for six months, or even a year. But what if this becomes a long-term proposition? How long would you be willing to do all of the work for only part of the profits?

Critical Illness Insurance can be used to:

- Fund a buy/sell agreement
- Hire a replacement
- Offset lost income
- Pay off debts
